NOTICES REGARDING MEAT INSPECTION

ANIMAL CASINGS OF FOREIGN ORIGIN

Certificates required by B. A. I. Order 305 and instructions issued thereunder, which bear the official title of the high official of the foreign country as specified below, will be acceptable with animal casings offered for importation into the United States.

The certificates must also bear the signature of the high official of the National Government having jurisdiction over the health of animals in the foreign country in which the casings originated, but owing to the fact that the high officials are changed from time to time it is impracticable to publish their names.

Official title.	Foreign country.
Minister of Agriculture	Lebanese Republic.

The notice in Service and Regulatory Announcements of April, 1928, is hereby revoked so far as the Republic of the Lebanon is concerned.

M. I. FORM 112-E (REVISED) REPORTS

Inspectors in charge of meat inspection are requested to see that M. I. Form 112–E (revised) report is rendered for each day on which animals are slaughtered.

This information is important in order that the Washington office may know the total daily slaughter of each species at each establishment in advance of the receipt of the monthly M. I. Form 130.
